ACCIDENT PREVENTION IS KEY TO LOWER CLAIM COSTS AND A SAFER COMPANY

Experts in my corner
if I need them and a
healthy refund as a
bonus.

—Greg Bailey, Owner,
Bailey General Contractors,
Lacey

Jobsite safety is a priority, not only for workers, but for a company's ability to keep its Experience Modification Rate (EMR) low.

Preventing workplace injuries is the key to controlling your EMR as well as maximizing your R.O.I.I.® Select refund.

The best injury claim is the one that never happens.

Because R.O.I.I.® Select is a performance-based retro program, your company's safety record and its ability to keep claim costs to a minimum are key factors used to

determine the amount of your refund.

The best injury claim is the one that never happens—but even a relatively small accident can cost an employer, and the R.O.I.I.® Select group, hundreds of thousands of dollars.

This is why our dedicated safety experts are there to help develop and implement effective safety programs and strategies. Over time, these methods can reduce your L&I premiums, help avoid L&I violations and fines, and maximize your program refund.

CLAIM INVESTIGATIONS AND LITIGATION

RELENTLESS PURSUIT OF THE BEST OUTCOME FOR THE GROUP

The result of a recent L&I audit would not have been positive without the assistance and expertise we received from R.O.I.I.® Select.

As part of our efforts to serve member participants better, R.O.I.I.® Select has

a team that focuses on investigation, litigation and resolution of workers' compensation claims. By concentrating on results, the R.O.I.I.®

Select team assists member participants in keeping their claim costs low, resulting in increased overall refunds for the group.

The R.O.I.I.® Select team analyzes cases, investigates suspect claims, files claim appeals, and addresses significant issues before the Department of Labor & Industries and the Board of Industrial

Insurance Appeals to support employers in the home building industry.

The R.O.I.I.® Select claim investigations and litigation team has saved hundreds of thousands of dollars for member participants in claim costs, making it one of the most cost-effective, best-managed retro programs in the state.

You can't be an expert at everything and you shouldn't have to.
